HOME TEXTILE

# Naturalness

Our mattresses which are in touch with the body through the night, are places that we need hygiene the most due to various types of bacteria, which are formed by our own bodies or external factors. The exclusive natural sleeping collection of Yataş promises healthy, comfortable and uninterrupted sleep experience with its thermotactic and mite growth preventing materials such as 100% natural cotton, wool and bamboo.

## Bamboo

-  **HUMIDITY ABSORBING FEATURE:** Thanks to the bamboo mixture in its filling, it absorbs 3 times more water than cotton and dries 4 times faster. It creates a fresh feeling and keeps you cool.
-  **SOFT AND COMFORTABLE:** While its bamboo content adds breathable properties, it also helps to take the shape of the body perfectly by supporting the head and neck with its siliconized filling.
-  **WASHING MACHINE-SAFE:** It can be machine washed and dried, provides ease of use.
-  **100% COTTON NATURAL FABRIC:** Thanks to its cotton fabric, it allows the skin to breathe, while cotton allows you to feel its softness throughout the night.
-  **HIGH QUALITY**  
Holds shape well over time due to high production quality standards.
